## Photo Rally

*Photo Rally* includes a mad dash in and around your conference venue, while teams get the chance to take loads of hilarious photos and try out bucket-loads of silly props and costumes! Yet despite all the hilarity, this is an intelligent team event that will tap into creative juices whilst encouraging interaction and teamwork. Culture vultures say that every great story can be condensed down to a single phrase or tagline. So, we see that the great love story of Romeo and Juliet boils down to the powerful message that... "love is greater than death".

During *Photo Rally* your teams create their own story based on a classic tagline. To add to the fun, their story has a theme and we throw-in a collection of mad props and costumes. Add this to dashing here-there-and-everywhere looking for the right photo locations and you have the makings of a memorable team building event! **We arm each team with a digital camera and then let them show just how creative they can be!**

For the perfect finish, we have our mini-Oscar ceremony in which we recognise and reward the creative, the inspired, the brilliant and the plain daft!

**TEAM LEARNING:** development of the team's creative side, time- management, learn to finish a home- made product and deliver it in a short time, team-bonding through having fun

"The two great days run by Eventus have once again caused a buzz in the office. BRAVO and THANKS to all the team. "
