## Quality Productions

Your team or teams receive a tight time deadline plus three tough objectives:

1. **Design an original logo** that represents a theme of your choice.
2. Raise the funds needed to finance this project through some wild and wacky team games.
3. **Print the logo on to a set of T-shirts** - one per team member.

Your team(s) will need to organise themselves into different sub-teams to begin the event. The real challenge is to ensure that these functional sub-teams all understand how they impact upon each other. For example, the *Design Team* needs to create a logo that the *Production Team* is capable of reproducing, while the production method needs to be compatible with a budget that the *Fund-Raising Team* can commit to supporting. The fund-raising stage includes outdoor team challenges - these can be as active or as cerebral as required.

The method used for T-shirt printing is silk screen-printing. This is both fun and labour-intensive. So, given the tight time schedules, a clearly co-ordinated team effort is vital. Before the deadline is reached, the team is asked to take a photograph of all team members- wearing their new T-shirts of course- a great memento of the day!

**TEAM LEARNING:** coordination of many tasks/ roles, creative element, representation of a theme through use of a logo, working together for a common goal.

"I was looking for a relatively light team building activity, without too much psychology etc. I found that Eventus' "touch" was exactly what we needed; not too difficult and not too formal."
